Story Synopsis

The creation of “The Adventures of Pigasus” has brought forth unto the world a most magnificent story of love, honor and courage, as seen through the innocent eyes of a young pig named “Pigasus”. A coming of age story which tells the tale of a classic battle between good and evil, of paradise lost and the realities of our world as never told before.

Somewhere between the lost paradise Elysium and the “Blackness of the Darkness”, is the valley Shasta, where the ancient volcano Shasta, once the majestic twin peaks of Elysium, towers above all below. It’s here, where all that was, all that is to be, begins again.

As the story unfolds, you will discover the mystical and magical powers of Unicorn & Pegasus, guardians of the lost paradise Elysium and learn of the evil Rathvar, who brings the Blackness of the Darkness back into the world. You will experience the wondrous powers of faith, hope, love and family through the naïve innocence of Pigasus, whose fated journey must ultimately bring him to confront the evil Rathvar.

As the new light begins to shine, you will encounter the laughter, love and realities of a simpler life and time. You will experience a journey of such emotional diversity that it will leave tears in your eyes as the laughter begins again.
